One last chance to submit photos for the August highlight reel  
This is just for fun, not a contest. The reel will be updated Friday, so don't delay, send in your photo today!

Hurricane Season Is Ramping Up  
Are you Hurricane Ready?

Watch for UF alerts about campus closures during storms. These are usually communicated via the GatorSafe app, email, and noted on the UF emergency weather page. If campus is closed for inclimate weather, the RSCs are closed too (even to AHA users). The facility will be locked and no one will have access to the building until the university reopens. Additionally, it is important to create a kit of supplies in your home to aid you if affected by the storm, such as through the loss of power. One common trend seen when hurricanes are approaching is a widespread panic. When this happens, people rush in large numbers to get all the supplies they think they need. If you prepare your kit ahead of time, you can alleviate a lot of the potential stress of a very chaotic situation. You should create your kit in a bag that you can easily take with you if an evacuation becomes necessary. Some recommended items to include are:

- Non-perishable food (enough to last at least 3 days)
- Water (enough to last at least 3 days)
- First-aid kit (include any prescription medication you may need)
- Personal hygiene items and sanitation items
- Flashlights (have extra batteries on hand)
- Battery operated radio (again, have extra batteries)
- Waterproof container with cash and important documents
- Manual can opener
- Lighter or matches
- Books, magazines, games for recreation
- Special needs items / pet supplies if applicable
- Cooler and ice packs
- A plan for evacuation
- Keep your gas tank at least 1/2 full
Upcoming RSC Events:

- Cleanroom Users Meeting - NRF 115 - Thursday 8/17 at 9 am
- Game Night - NRF 115 - Thursday 8/24 at 5 pm RSVP
- Users Advisory Committee Meeting - ZOOM + NRF 115 - Thursday 8/24 at Noon
- Next Brown Bag - ZOOM + NRF 115 - September 14th at Noon
- RSC Open House - Tuesday October 10th, watch for more details soon

**Ongoing:** New publication? Data collected at the RSC? Click to tell us!
  - Still writing? Check out our new easy acknowledgement templates.

---

**Safety Side Note:**

- Hydrofluoric Acid training sessions are now available for sign up through EH&S. Sessions begin August 1st, log into your mytrainings page to register.

- RSC Facility Safety Training will be returning to in person training beginning August 02, 2023. Incoming users will attend a 2 hour session including a lecture covering site specific safety protocol, and will receive a facility tour. These are scheduled for alternating Wednesdays. As always if this presents a scheduling conflict, we can add/modify sessions as needed, and we can add additional Wednesdays if there is enough demand.
Someone stole the "P" from the pirate

Was he mad?

He was irate
