2023 RSC Open House: Swing By Today for Keyence Microscope Demo

The RSC Open House is in full swing today. Much of our staff will be hosting and assisting throughout the day today. We apologize if our typical response time is delayed due to the Open House Activities.

Today in the NRF lobby you can join us for drop in Keyence Microscope Demonstrations. A representative will be on hand to demo the tool from 9am-3pm today only. I believe you can bring something to test the scope with if you wish. We will also have a few other tool demos throughout the day, so check out the full schedule.

Upcoming RSC Events:

- **RSC Open House** - Tuesday October 10th, Details and full schedule
- **Brown Bag: POSTPONED - Next talk will be November 9th at Noon**

**Ongoing:** New publication? Data collected at the RSC? Click to tell us!
- Still writing? Check out our new easy acknowledgement templates.

Safety Side Note:

Following Astronomy news?
**October 14th** we will be able to see a solar eclipse. We will only see a partial eclipse topping out at ~60-65% solar coverage here in Gainesville.

**Wear Solar Glasses!** Never look at the sun during an eclipse (or anytime) without ISO certified solar glasses.

For Gainesville the partial eclipse begins at 11:50 a.m. The maximum
The eclipse we will see from our area will be at 1:25 p.m. The partial eclipse ends at 3:02 p.m.

*** Our facility access is now NFC controlled. Be sure you have the right "key" ***
