

End of Semester Reminders

Please Check Labs and Cleanroom Baskets Before You Leave For Holiday Break

As we approach the end of fall semester, we would like to say congrats to everyone on another successful semester packed full of research and progress. Before you head out to celebrate the end of classes, a successful final defense, or just to celebrate the holiday season, please remember to check the labs and cleanroom storage baskets for waste or unneeded samples. RSC staff will be scanning for abandoned samples as we do our holiday cleanup and shutdown routine over the next few weeks. Help us out by cleaning up and labeling any samples you may have in our facility, and removing old or unneeded materials. As a reminder, chemicals should never be stored in the cleanroom baskets. Samples shouldn't be left in the labs without making arrangements with staff first.

Upcoming RSC Events:

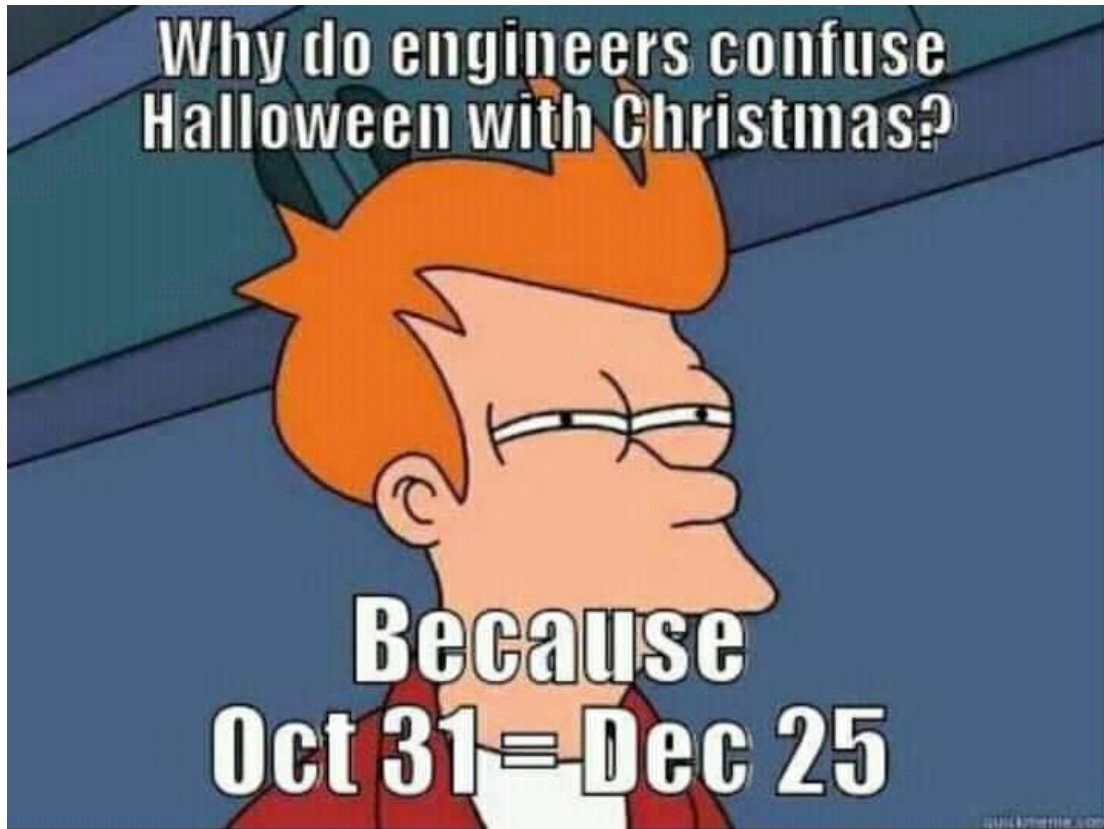

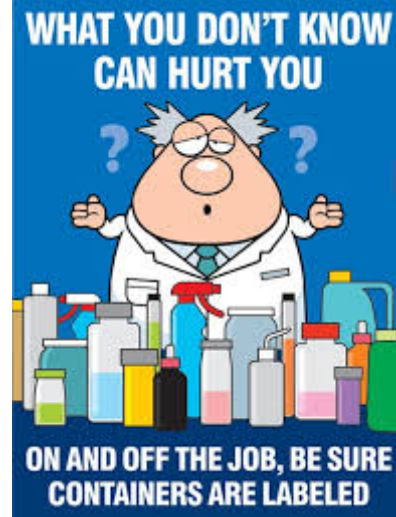

- Users Advisory Committee Meeting - [ZOOM](#) + NRF115 - Thursday 11/30 at Noon
- Users Advisory Committee Meeting - [ZOOM](#) + NRF115 - Thursday 12/14 at Noon

Characterization tools will begin holiday shutdown Dec 22
- **Full RSC facility closure Dec 23 - Jan 01 - No Building Access, No AHA.**

- **Ongoing:** New publication? Data collected at the RSC? [Click to tell us!](#)
 - Still writing? Check out our new easy acknowledgement [templates](#).

Safety Side Note:

EH&S has updated the UF Chemical Hygiene Plan training. The new course is live and can be found with training course code EHS869. All

lab workers (that's you RSC users) will need to have this new training completed by March 31st. To find this training, log into the [myTraining](#) portal, and use the search bar at the top to find EHS869. You can check your training transcript through the portal as well. **Remember if you let any of your EH&S required trainings expire, you will lose access to the RSC facility until they are current again.**
