

Special Shoutout to the 2023-2024 College of Engineering Student Award Winners

A very big congratulations to the two RSC users recognized with Attributes of a Gator Engineer Awards at the Herbert Wertheim College of Engineering Awards Luncheon. **Marisa Pacheco** was awarded the Leadership award, and **Adam Kriz** was awarded the Community & Inclusion award. Let's all give these outstanding engineers a virtual round of applause. Great job to both of you and all the Herbert Wertheim College of Engineering award winners.

Congrats to all our Graduating Users

Did you publish a paper as part of your project? Please brag about it, [Click to tell us](#), especially if you used the tools here as part of the work. Also, before you head off to your next exciting steps, please take a few minutes to ensure you have not left any samples or supplies in our labs. If another student will be taking over your green storage basket ensure EVERYTHING is labeled accordingly for a smooth transition and transfer.

UAC meeting Thursday at Noon:

Available in person (room 115) or on Zoom (link below in the calendar list). We request each user group send a representative to relay tool updates, and policy changes back to their research group. Any user is welcome to attend. Please, if you have an issue with something at our facility **let us know**. We want to maximize productivity and minimize issues, frustration, confusion, and tool down time.

Upcoming RSC Events:

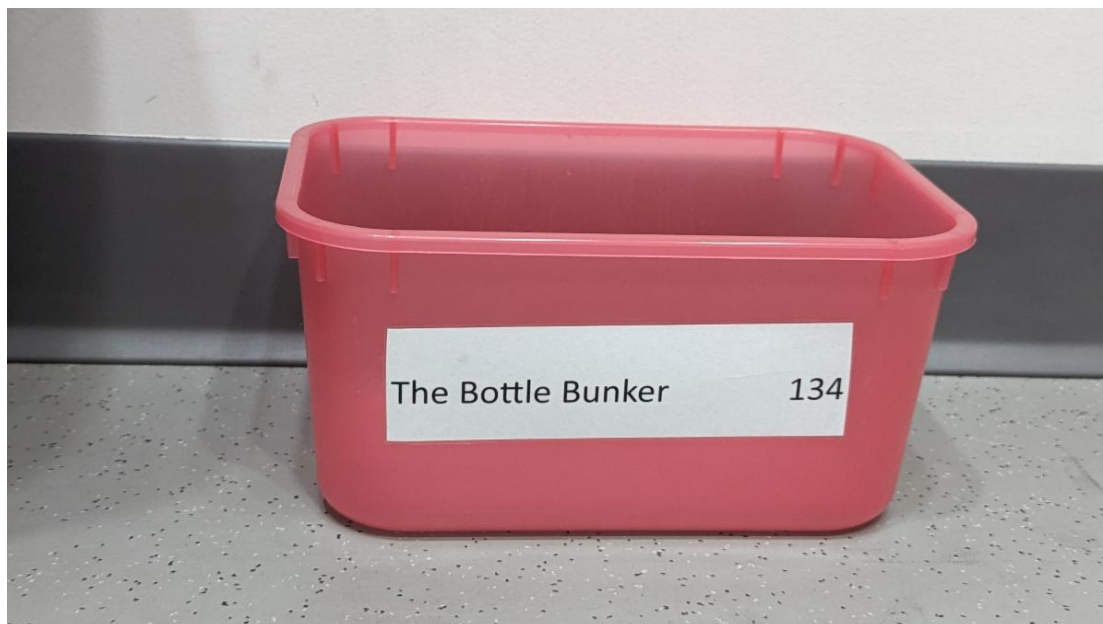

- Users Advisory Committee Meeting - **ZOOM + NRF115** - Thursday 4/25 at Noon
- Game Night - NRF 115 - Thursday May 16th at **5pm RSVP**

*_

- **Ongoing:** New publication? Data collected at the RSC? [Click to tell us!](#)
 - Still writing? Check out our new easy acknowledgement [templates](#).
- **Ongoing:** Submit Photos Early for the Annual Nano Day Image Contest: Contest is held annually in October. You can submit for the 2024 Contest [HERE](#)

Safety Side Note:

Have you been wondering if it is safe and acceptable to bring your beverage with you in our labs? In general the answer is usually NO, however there are a few exceptions. To make these exceptions more clear we have added some recycled red bins to spaces where drinks are unlikely to pose a safety hazard. Look for a red "Beverage Barn" or "Bottle Bunker" as secondary containment for your hydration supplies. No red bin for your bottle? Please leave your beverage in the lobby or hallway, at the North tables, or completely inside your backpack.

Optimist: The bucket is half foal.
