Safety Side Note:

Just a reminder, the hot humid weather outside is no excuse for lax safety protocol inside.

If you'll be working with hazardous materials (including cryogenic fluids),

science Lab safety

you should be wearing long pants. Too hot to commute in pants? Pack some scrubs to wear in the lab.

Everyone working in the RSC lab spaces should be wearing full coverage shoes.

To all the people who said I'd never amount to anything because of my procrastination.
Just you wait.
