

## Don't Forget Monday May 27th is a UF Holiday

Our facility will be in Holiday mode on Monday May 27th to celebrate Memorial Day. This means users without after hours access (AHA) will not have access to the facility. Users who have been granted AHA will be able to use the facility between 7am and 10pm if utilizing the e-buddy check-in system. The building doors will be locked, and users without AHA will not have access to the facility on Monday (including the NFMC). If you need to apply for AHA, please refer to our [Policies & Forms](#) page on our website.

**Enjoy your long weekend, and celebrate safely.**

## Florida Semiconductor Institute Taste of Tech Seminar Series

The [Florida Semiconductor Institute](#) is hosting a "[Taste of Tech](#)" Seminar Series in the newly updated NRF conference room (115). The first speakers will be Professor Mark Sheplak with collaborators Dr. Roozbeh Tabrizian and Dr. Philip Feng, presenting their project funded by the DARPA High Operational Temperature Sensors (HOTS) program. The seminar will also be available via [ZOOM](#). Those planning to attend in person are asked to RSVP as lunch will be available during the seminar. The first session is scheduled for Friday, May 24th, 11:45am- 1pm.

---
