Welcome and introduction remarks to the Research Service Centers (RSC) Nano Day Virtual Open House.

---

### More about the presenter

Amelia is a faculty member and the director of the Research Service Centers (RSC) of the Herbert Wertheim College of Engineering (HWCOE). She received her M.S. and Ph.D. in Materials Science and Engineering at UF. Her expertise resides in the areas of materials characterization and analysis, and analytical instrumentation, particularly electron microscopy and microanalysis. Her teaching, research and graduate advising activities are conducted in the department of Materials Science and Engineering, while her administrative role gets accomplished through her involvement in several shared-governance campus committees and as the director of the RSC.
