Introduction to XRD Data Processing meeting:

When: Wednesday May 12, 10 a.m.

Where: NRF 1st Floor Conference Room - 115

What: Kristy Schepker will demonstrate how to use the ICDD PDF4+ Database, and some basic HighScore+ and GSAS-II data processing techniques. After some basics she will open the discussion for questions, so if you have a specific processing question bring it with you and we can take a look! Save your seat (or request video recap): https://forms.gle/A4AznDRiXd7gp5627

Due to social distancing measures we are limiting attendance to 10 students to meet in person. This will allow everyone to maintain sufficient distance during the meeting.
Summer Brown Bag Webinar: May 13 @ Noon

📅 Thursday, May 13th  🕒 12:00 PM  📍 ZOOM

**Cultural Competence, Crucial Conversations & Equity:**

As we navigate the complexities of social interactions within multiple contexts (e.g., personal, academic, professional), it is important to consider how diverse we are as human beings and how our individual characteristics (e.g., race, ethnicity, language, culture, ability) play a role in our social dynamics.

The focus of this module is examining these interactions through the lens of cultural competence and effective communications. The purpose of this webinar is to unfold complexities of cultural difference experiences through the implementation of conversation skills as venues to supporting cross-cultural competence development.

May is Mental Health Awareness Month:

Some suggestions to promote mental health:

- Eat 2-3 well-balanced meals per day.
- Engage in physical activities for at least 30 minutes a day.
- Engage in positive thoughts and conversations.
- Practice mindfulness or meditation on a daily basis.
- Learn how to manage your stress.
- Stay present in your daily relationships.
- Avoid “screen time” and engage in more “in person time”.
- Take time for yourself every day
